Re: Certificate of Japanese Patent No. 5941549
Your ref: Please Advise
Our ref: C11655K-JP
Title: METHOD AND EQUIPMENT OF STEEL ROPE QUALITY DIAGNOSTICS
(PCT/LT2012/000001)

Dear Ms. Purienė,

We are pleased to inform you that we have received a Patent Certificate for your application from the JPO. Enclosed please find a copy of the Certificate. The original one will be sent to you via EMS.

We would like to provide the following important information for your reference:

Effective Date

The protection of this patent came into effect on May 27, 2016, which is the publication date of announcing the grant of the patent right.

Patent Term

The term of the patent protection is 20 years from its filing date, that is from March 16, 2012 to March 16, 2032.

Scope of Protection

The scope of patent protection of invention is defined by the scope of the claims in the patented invention. The content in the description and the drawings can be used to interpret the content of the claims.

Rights of Patentee

The patentee has the right to exclude others from making, using, offering to sell, selling or importing the patented product; or using the patented process, and using, offering to sell, selling or importing the product directly produced by the patented process, for production or business purpose, without his/her permission except where otherwise provided for in the Japanese Patent Law.

Annual Fee

Annual fees must be paid on or before every 27. May during the entire patent term, and a grace period of up to six months is allowed along with payment of additional surcharges.

Please be advised that the deadline for the payment of the 4th annual fee for the above-mentioned Japanese patent falls on **May 27, 2019**.

Termination of Patent

If the patentee abandons the patent with a written declaration or the patentee fails to pay the annual fee within the required time limit, the patent will be terminated before the expiration of its patent term.

Sincerely yours,

Hanako Uchikoshi (Ms)
