

Education

- Professor, 1992
- Habilitated Doctor (mathematica), Vilnius University, 1986
- PhD in Mathematics, Vilnius University, 1970
- M. Sc. in Mathematics Vilnius University, Lithuania, 1963

Work experience

- Professor Emerytus of Mathematical Statistics Department, Vilnius Gediminas Technical University, since 2012
- Professor, head of Mathematical Statistics Department, Vilnius Gediminas Technical University, 1995 -2012
- The Head of the Scientific Council of the Vilnius Gedimino Technical University, 1996-2001
- Professor, head of Mathematical Department Vilnius Gediminas Technical University, 1993-1995
- Institute of Mathematics and Informatics, postgraduate studies, Junios Research Fellow, Senior Research Fellow, Senior fellowship, Principal Research Fellow, 1970-2007

Teaching

- Probability Theory
- Limit theorems for sums of independent random variables

Research interests

- Limit theorems of probability theory and mathematical statistics (asymptotic expansions, large deviations, exponential inequalities)

Languages

- Russian
- English
