

Education

- Doctor (PhD) of Mathematics Science, Vilnius Gediminas Technical University, 2007
- M. Sc in Applied Statistics, Vilnius Gediminas Technical University, 2002
- B. Sc. in Applied Mathematics, Kaunas University of Technology, 2000

Working experience

- Assoc. professor at the Department of mathematical statistics of VGTU, since 2007
- Assistant at the Department of mathematical statistics of VGTU, 2002-2007

Teaching

- Probability theory and mathematical statistics
- Integral calculus
- Mathematical statistics
- Regression, variance and factorial analysis practice classes
- Methods of optimization

Research interests

- Applications of statistics
- Bioinformatics, statistics of nucleotide sequences

Languages

- Russian
- English
