

Surname	MAČIULIS
Name	LAURYNAS
Birth date	1985
Education	Higher
Scientific degree (grand date)	AGAI Aeronautical Engineering Master of Science degree (2012) AGAI Aviation bachelor's degree in mechanical engineering (2010)
Academic title	Lector (2013 m.)
Scientific Areas	Mechanical Engineering (09 T)
Science Field	Technological Science (T 000)
Present workplace, position	Vilnius Gediminas Technical University, Antanas Gustaitis Aviation Institute, Department of Aviation Mechanics, lector
Educational Experience	– 2 years
Modules	Aircraft complex project, Bachelor Graduation Thesis 1,2,3
Previous professional experience including the position, workplace and years	<p>From 2013 onwards and now, Vilnius Gediminas Technical University, Department of Aviation Mechanics AGAI lecturer, the nature of work: lectures, laboratory work and conducting exercises, counseling, leadership coursework and final works, qualifying scientific and methodological work execution, participation in projects.</p> <p>2013 and now UAB Avion Express ", the maintenance operator, the nature of work: aircraft maintenance, ensuring savailaikį aircraft for flight training, exercise their priešskrydiminę verification organize aircraft spare parts, lubricants and fluids eksploatacinių acquisition, perform aircraft maintenance;</p> <p>2013 and now VŠĮ "Innovative engineering projects, technical director, the nature of work: technical strategic objectives, plans and tasks for the establishment, implementation and control; company's ongoing projects of the technical analysis, planning, co-ordination; quality, correct and timely implementation of projects; correct technical solutions for the implementation of projects, ensuring an</p> <p>In 2012, NASA's Ames Research Center, California, USA, the researcher, the nature of work: science and research.</p> <p>In 2010-2012, AB FL Technics, non-destructive inspection engineer, the nature of work: commercial transport aircraft (Boeing 737/757, Airbus A320) maintenance and diagnostics.</p> <p>In 2008-2009, UAB SKYCO director, the nature of work: the company leadership, technical design and research management, aircraft design and maintenance services, education and research.</p>
Analification improvement	<p>2011-08-15 - 2011-08-27 Samara State Aerospace University, Russia. Summer School on "Advanced Technology nanopalydovų experiments in space.</p> <p>2011-06-27 - 2011-07-12 Aerospace Inspection Training Ltd in Norwich, England, level 2 non-destructive infrared thermography courses.</p> <p>2011-01-16 - 2011-02-04 Aerospace Inspection Training Ltd in Norwich, England, level 2 non-destructive eddy particles courses.</p> <p>2010-08-31 - 2010-09-03 Aerospace Inspection Training Ltd in Norwich, England, level 2 non-destructive magnetic particle courses.</p>
