

Science name and degree:	Professor, Dostor Habilus
Surname, name:	Zakarevičius Algimantas
Date of Brith:	27-04-1939
Education:	Engineer of Geodesy, Kaunas Polytechnical Institute, 1965 Doctor of Sciences, Vilnius university, 1973 Dostor Habilus, VGTU, 2000
Work Experience:	1964-1969, Department of Geodesy Kaunas Polytechnical Institute 1969-1999, associate professor of bdepartment of Geodesy and Cadastre at VGTU 2000 till now, professor of Department of Geodesy and Cadastre at VGTU 1990-1995 and 1999-2005, Head of of Department of Geodesy and Cadastre at VGTU
Subjects taught:	Higher Geodesy Theoretical Geodesy Digital Cartography Geodynamic Aeronavigation
Main Directions of Science Work:	Investigation of recent geodynamic processes Geodetic Network Mathematical processing of geodetical measurements
Other activities:	Member of International Federation Surveyors (FIG) Member of Lithuanian Scientific Societi Member of Lithuanian Association of Surveyors Member of editorial board of scientific jaurnal „Geodesy and Cartography“ Member of Senate VGTU
Awards:	Award of Science of Lithuania, 2007
Publications:	Ower 200 scientific publications 3 Monographs: 1. A. Zakarevičius. The investigation of present vertical Earth crust's movements in the territory of Lithuania. Vilnius: Technika, 1994. 278 p. (in Lithuanian, summary in English) 2. A. Zakarevičius. Coordinate systems of Lithuanian geodetic networks and their connection. Vilnius: Technika, 1996. 200 p. (in Lithuanian, summary in English) 3. A. Zakarevičius. Investigation of the recent geodynamic processes in the territory of Lithuania Vilnius: Technika, 2003. 195 p. (in Lithuanian, summary in English)
